Easier, faster payments from your customers

Collecting customer payments on time has never been an easy feat for businesses selling on payment terms. With the difficulties facing the economy since 2020, getting paid on time has become increasingly challenging for businesses, with a 209% increase in late payments seen since the pandemic was declared by the World Health Organisation (CPA).

With such difficulties in getting paid on time in the current economic climate, it is essential your business does everything it can to make it as easy and as stress-free as possible for customers to pay you.

Chaser provides all of your customers with a dedicated payment portal containing all information on their paid and due invoices, facilitating faster payments and saving you significant time on admin.

Get invoices paid faster

By offering multiple payment options to suit your customers' needs in one location, including instant card payments and direct debit.

Save time

Spend less time on admin, as all relevant documentation and payment details are readily available to customers in their dedicated portal.

Keep customers informed

Give customers full visibility over their accounts payable and previous paid invoices. Eliminate confusion about what has and hasn't been paid, and ensure invoices never take them by surprise again.

Improve communications

Easily add notes for customers to see in their portal from your Chaser account, and include contact details customers can use for payment support and queries in their portal.

"Had an impact on our business from day one. I wouldn't hesitate to recommend to anyone looking to improve revenue collection. If you are reading this and wondering whether or not you need Chaser I would just go for it"

Tony Harris, Director, Hub Property Care

Key capabilities

Complete visibility

You and your customers gain full visibility over all paid and due invoices, as well as access to relevant, downloadable documentation in one place. The portal means you save time on admin, and your customers are always in the know about what's due, when.

Multiple payment options

Improve your chances of getting paid by offering multiple payment options to suit yours and your customers' needs, such as instant card payments, direct debit, and international bank transfer. Encourage customers to pay more, earlier, by giving them access to pay all upcoming invoices in one place.

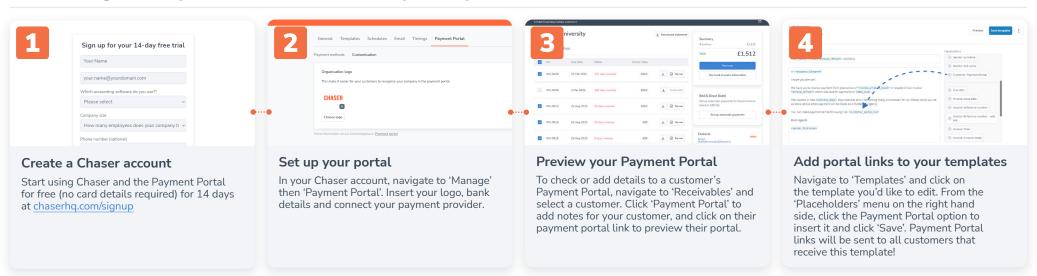

Seamlessly connected to your account

Payment Portals are seamlessly connected with your Chaser account, so you can easily add links to portals in your email templates, add notes on specific customer's portals from your 'Receivables' tab, and customise your portal from within Chaser.

HOW IT WORKS

Start using the Payment Portal in four simple steps

Chaser helps businesses get paid sooner with its award-winning all-in-one accounts receivables automation platform, debt collections agency and outsourced credit control services. Users can credit check, monitor debtors, chase late invoices via SMS and email, collect payments, recover debt and reconcile accounts, all in the same unique platform.

Chaser was named B2B Supplier of the Year at the CICIM British Credit Awards (2022), won Best Use of Technology at the Credit Awards (2022), was Xero's 'App Partner of the Month' {August, 2021), and Accounting Excellence 'Cloud App of the Year' (2017, 2018, and 2019).
